

# 9 Projets européens en cours de montage recherchent des partenaires

9 ongoing European projects are looking for partners

Si vous souhaitez être mis en relation, merci de bien vouloir nous informer en répondant directement à ce mail.

If you want to be linked with one of these project holders, let us know by replying to this email.

11/10/2016

**Le projet:**

PAPERFIED: Novel anticounterfeiting method for Pharma supply chain

**Les types de partenaires recherchés:**

- SME/LE Paper Manufacturer  
- SME SME/LE industrial partner expert in printed electronics

**Deadline:**

27/10/2016

**Le projet:**

Colour-skin, Advanced materials and innovative design for improved functionality and aesthetics in high added value consumer goods

**Les types de partenaires recherchés:**

- COORDINATOR: RTD/ Association from the building sector or any other open role could assume this leadership (ceramics or glass)  
- RTO/SME/LE specialized in the production /commercialization of building material products (ceramics or glass)  
- SME expert in electrochromic systems for glazing  
- RTD center focusing on the improvement of electrochromic systems  
- SME/LE focusing in sol-gel coating production  
- SME specialized in sol-gel coating application  
- SME focusing on the

**Le projet:**

High-performance materials for optimizing carbon dioxide capture

**Les types de partenaires recherchés:**

- Research institute with expertise on exothermic polymer synthesis  
- End User (power, gas, heat, cement plant, foundry)

production of high value tiles  
- SME/RTO,  
Architect/design center

**Deadline:**  
27/10/2016

**Le projet:**

New solution to improve the personalised treatment of patients suffering chronic diseases

**Les types de partenaires recherchés:**

- Diabetes hospital (50-150 beds) EP ESTABA

**Le projet:**

New product functionalities through advanced surface manufacturing processes for mass production

**Les types de partenaires recherchés:**

- Partner for inline optical inspection for process and quality control: example: <http://www.holo3.com/optical-measurement.html>

**Deadline:**  
19/01/2017

**Le projet:**

StrongWind - Development of innovative and more resistant construction systems and materials for offshore windfarms

**Les types de partenaires recherchés:**

- Research centre expert in enhancement of corrosion protection  
- RTD expert in the development of coatings with enhanced properties, experts in anti-fouling additives and nano-texturing through coating formulation  
- SME expert in graphene and CNT  
- SME resin manufacturer

**Le projet:**

Light4Art - Innovative laser-based portable solution for the conservation of tangible 20th century cultural heritage.

**Les types de partenaires recherchés:**

- RTD Expert in materials ageing and durability  
- Miniaturization integration laser/UV Expert  
- Datamining hardware and software  
- Spray gun Expert

**Le projet:**

BIOTEC - CO2biopol - CO2-reuse into additives to recover waste HPDE and into biopolyesters

**Les types de partenaires recherchés:**

- SME/LE that produces CO2 in their day to day industrial activity  
- SME / LE in charge of the recycling of plastic municipal waste  
- SME expert in the synthesisation of succinic acid at pilot scale  
- SME expert in the synthesisation of PHA at pilot scale  
- SME expert in the synthesisation of polyols at pilot scale  
- Biomolecule recovery expert  
- Compounder  
- Polymerization expert  
- CO2 purification expert

**Le projet:**

Cross-cutting KETs for diagnostics at the point-of-care

**Les types de partenaires recherchés:**

- A research centre who specialise in molecular diagnostics (ideally working at a higher TRL than a university – e.g. translation of science into systems)  
- A diagnostics company

Notre offre:  
Un guichet d'accès unique à l'identification des opportunités de subventions et investissements internationaux en soutien à l'innovation. L'accompagnement de nos clients s'appuie sur une expertise juridique approfondie en droit européen des affaires, droit public et systèmes financiers européens et internationaux ainsi que sur un réseau de professionnels (consultants, chercheurs, industriels ou institutionnels)
